Open Road Tolling Plaza Dixon, Illinois

Delta Engineering Group provided mechanical inspection services as part of the ISTHA Construction Section Engineering and Inspection Support Services for the proposed Open Road Toll Plaza conversion at two toll plazas located on the Ronald Regan Memorial Tollway in DeKalb and Dixon, Illinois. Scope of work included:

- Performed field inspections
- Observed construction to ensure quality of work as per contract documents
- Issued field instructions
- Attended project review and coordination meetings
- Reviewed submittals of shop drawings and technical clarifications (RFI response)
- Reviewed as-built drawings submitted by the contractor
- Reviewed design documents being prepared by others to ensure technical correctness and compliance with the applicable codes
