

Owner

Metropolitan Water
Reclamation District of
Greater Chicago

Lead Firm

Black & Veatch

Subconsultant

Delta Engineering Group, LLC

Schedule

Jan. 1, 2005-Apr. 2005

**Stickney and North Side Water Reclamation Plants
Replacement of Two 2500-HP
Blower Motors at 6.9KV**

Delta provided electrical engineering services, consisting of power and controls to replace two 2500-HP blower-motors at 6.9Kv at the Stickney Water Reclamation Plant and at the North Side Water Reclamation Plant. A 7000-HP blower at 13.2KV was also installed at the Stickney Plant. Prior to installation, Delta engineers documented existing conditions and coordinated the work with Greeley & Hansen, serving as MWRDGC Managing Engineers.
